ABOUT US

Harrad & Bloom was founded by Angharad Jones (Ang) born and raised in Wales before starting a career in luxury hospitality with Orient Express in France in 2012. Ang fell in love with the personalised and attentive nature of small group travel and decided to extend her expertise to create 'home from home' experiences from luxury private homes.

Now joined by an expert team, Harrad & Bloom are the only contact you need to create an exceptional stay in The Cotswolds.

ULTIMATE EXPERIENCE

Our true expertise is transforming self catering properties into a pop up hotel experiences for our guests.

With our detailed knowledge of our properties, we can advise on the ideal formula to create a seamless, fully catered and serviced stay.

Wake up to the smell of fresh pastries and coffee while your private chef prepares breakfast, enjoy daily housekeeping throughout your stay, your hosts are on hand to serve all beverages and meals - and everything in between.

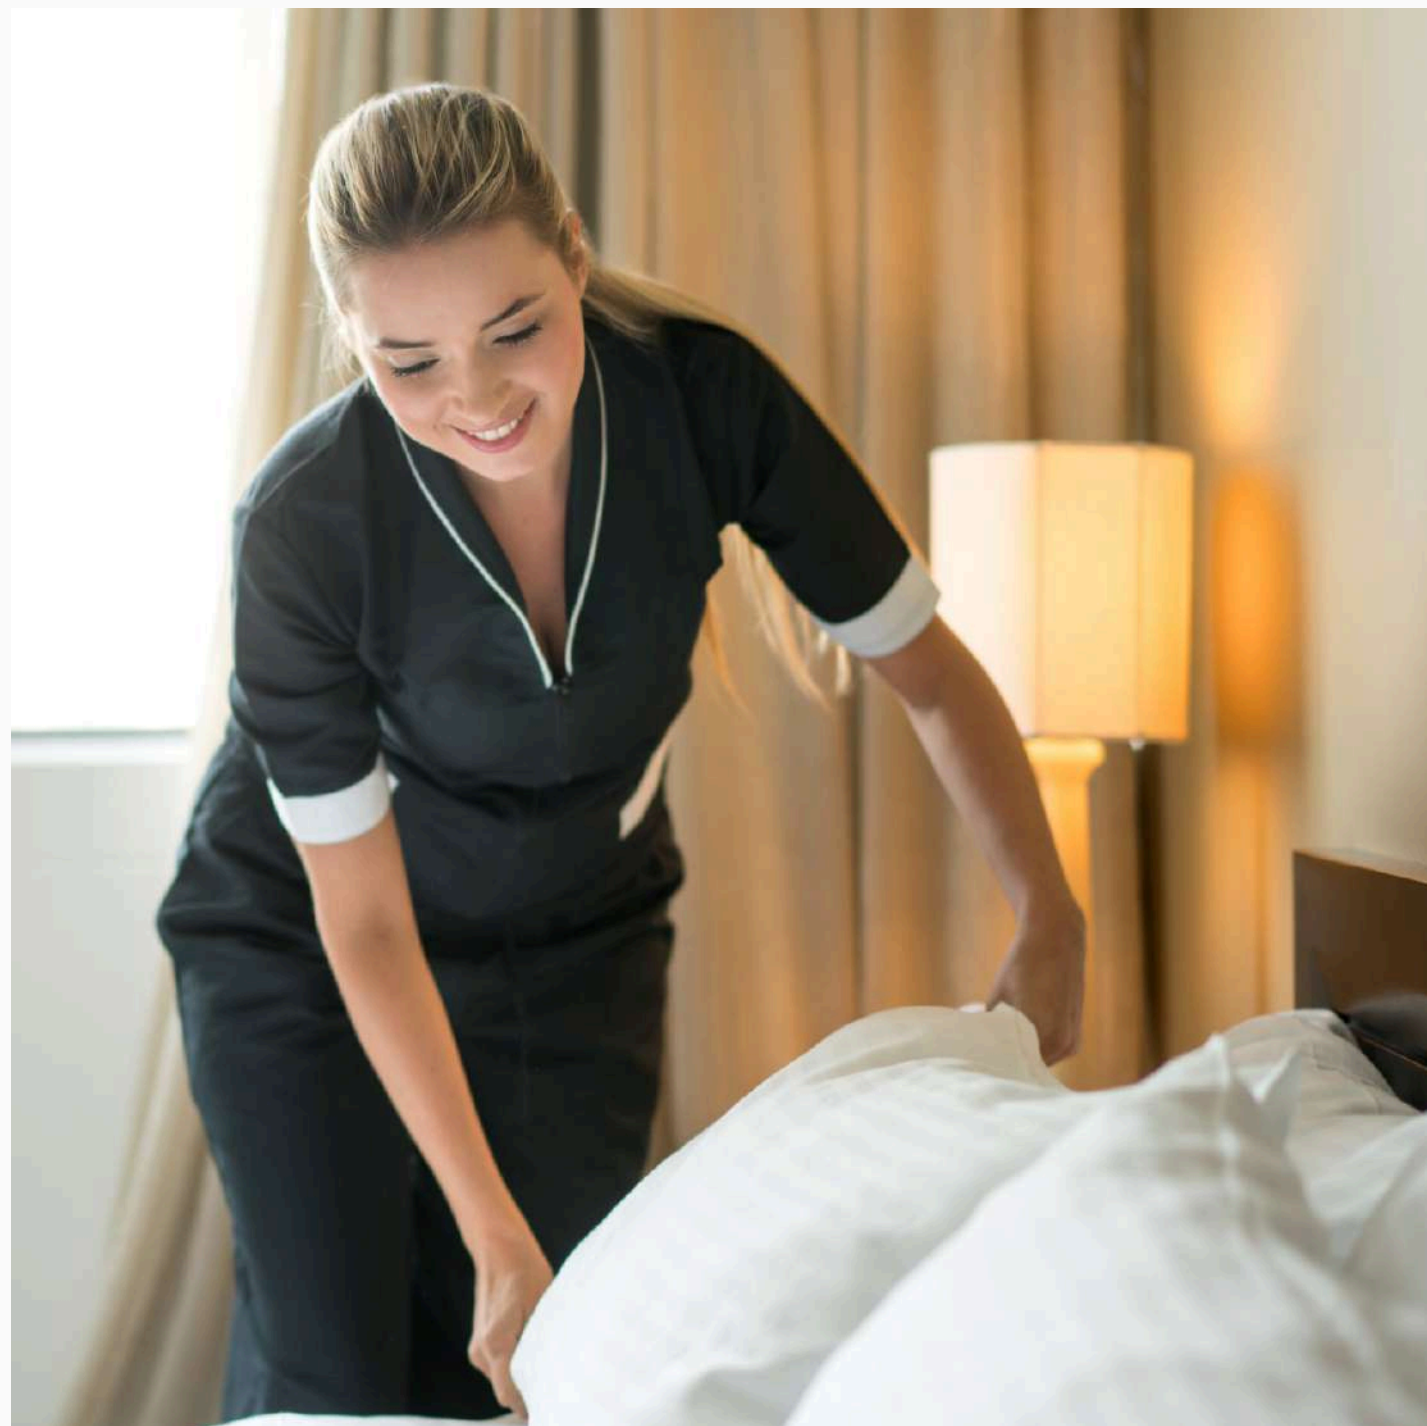

PRIVATE CHEF SERVICES

Whether it is a special celebration dinner or the desire to have a full time chef for the duration of your stay, we have an outstanding selection of private chefs to cater for every occasion.

We pride ourselves with the ability to match our chefs with the personal requirements of your group. From family style dinners to formal fine dining tasting menus, fridge filler meal drop offs to a cooking course weekend - let us tailor the perfect foodie escape for you and your group.

HOUSEKEEPING

If you would like housekeeping to come everyday to make the beds, change the towels, do the laundry and ironing, we are here to arrange that for you.

For the full hotel-style experience, we recommend hiring a full time housekeeper (or two) to take care of general housekeeping, setting tables, clearing the dishes and anything in between.

All laundry requests can be accommodated either in-house or with a local dry cleaning service.
